

CM Sundance Ski Camp 2027

January 10th – 15th, Sunday – Friday

We are going to Sundance, and it's a special place!

When JC and Andrew first arrived at the new Inn at Sundance last January, they felt like they should have shown up on horses. The first place they went was the Owl Bar – the original rustic saloon where Butch Cassidy and the Sundance Kid found libations after a long day in the saddle. The vibe of the whole resort is incredibly authentic. Despite its Michelin star-rated luxury, the resort has done an excellent job of staying connected to its mountainous setting and has kept with Robert Redford's historic wild-west aesthetic.

Andrew and John were also blown away by the recently expanded terrain. The new slopes include long groomers perfect for practicing the keys, introductory bumps, and advanced off-piste terrain. They were particularly impressed by the expanse of new moderate black bump runs — ideal for advanced CMers to hone their skills.

Operating out of the new Inn, which is located right at the bottom of the lifts, means that this camp will be a lot more than just skiing. John says to think about this camp as a combination of all the best elements of our Aspen camps along with those of our international trips — coaching from your favorite Aspen coaches, on great learning terrain, with the comradery and après-ski fun of Portillo or Val d'Isère!
